DeviceID: 27 - LastUpdate: 09:23:00 - STATE TRAFFIC ALERT

Watch out for train!

**ALARM**

EVACUATE TRACK 17  
TRAIN APPROACHING  
IN 6 SEC

## PROTECT YOUR WORKING STAFF

Our Track Worker Protection App supplies track workers with a personal version of our innovative train collision avoidance system.

Linking track workers with our innovative decentralized and even classical centralized train safety systems, the safety of track workers is now an integral feature of intelligent train systems.

**De-escalate potential threat situations**  
simpler method than traditional approaches

**Runs on ordinary smart phones**  
running the Android system

**Awarded the European Rail Award**  
for Excellence in Safety and Security

### Early warning increases safety
